iv. Otherwise lawfully becomes available to that party from a third party that has no obligation of confidentiality.

30.5 The above provisions shall not in any way modify any undertaking of confidentiality given by either of the parties hereto prior to the date of the Contract in respect of the supply or any part thereof.

30.6 The provisions of this clause shall survive completion or termination, for whatever reason, of the Contract.

31. Limitation of Liability:

Except in cases of gross negligence or wilful misconduct: -

31.1 neither party shall be liable to the other party for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the selected bidder to pay liquidated damages to the Purchaser; and

32. Force Majeure:

32.1 The selected bidder shall not be liable for forfeiture of its Performance security deposit (**PSD), liquidity deposit (LD)**, or termination for default if and to the extent that it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

32.2 For purposes of this Clause, "Force Majeure" means an event or situation beyond the control of the selected bidder that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the selected bidder. Such events may include, but not be limited to, acts of the Purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

32.3 If a Force Majeure situation arises, the selected bidder shall promptly notify the department in writing of such conditions and cause thereof within 15 days of occurrence of such event. Unless otherwise directed by department, the selected bidder shall continue to perform its obligations under the contract as far as reasonably practical

32.4 If the performance in whole or part or any obligation under the contract is prevented or delayed by any reason of Force Majeure for a period exceeding 60 days, either party at its option may terminate the contract without any financial repercussion on either side.

32.5 In case a Force Majeure situation occurs with the department, department may take the case with the selected bidder on similar lines.

33. Termination:

33.1 Termination for Default:

i. The tender sanctioning authority of department may, without prejudice to any other remedy for breach of contract, by a written notice of default of at least 30 days sent to the selected bidder, terminate the contract in whole or in part: -

a. If the selected bidder fails to deliver the service within the time period specified in the contract, or any extension thereof granted by department; or

b. If the selected bidder fails to perform any other obligation under the contract within the specified period of delivery of service or any extension granted thereof; or

c. If the selected bidder, in the judgement of the MD RMSM (Tendering authority), is found to be engaged in corrupt, fraudulent, collusive, or coercive practices in competing for or in executing the contract.

d. If the selected bidder commits breach of any condition of the contract.

ii. If department terminates the contract in whole or in part, amount of PSD may be forfeited.

iii. Before cancelling a contract and taking further action, advice of senior most finance person available in the office and of legal adviser or legal assistant posted in the office, if there is one, may be obtained.

33.2 Termination for Insolvency:

Department may at any time terminate the Contract by giving a written notice of at least 30 days to the selected bidder, if the selected bidder becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to

the selected bidder, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to department.

34. Offenses by Firms/ Companies:

34.1 Where an offence under has been committed by a company, every person who at the time the offence was committed was in charge of and was responsible to the company for the conduct of the business of the company, as well as the company, shall be deemed to be guilty of having committed the offence and shall be liable to be proceeded against and punished accordingly: Provided that nothing contained in this sub-section shall render any such person liable for any punishment if he proves that the offence was committed without his knowledge or that he had exercised all due diligence to prevent the commission of such offence.

34.2 Notwithstanding anything contained in (a) above, where an offence under this Act has been committed by a company and it is proved that the offence has been committed with the consent or connivance of or is attributable to any neglect on the part of any director, manager, secretary or other officer of the company, such director, manager, secretary or other officer shall also be deemed to be guilty of having committed such offence and shall be liable to be proceeded against and punished accordingly.

34.3 For the purpose of this section. “company” means a body corporate and includes a limited liability partnership, firm, registered society or co- operative society, trust or other association of individuals; and "director" in relation to a limited liability partnership or firm, means a partner in t he firm.

34.4 Abetment of certain offenses: Whoever abets an offence punishable under this Act, whether or not that offence is committed in consequence of that abetment, shall be punished with the punishment provided for the offence.

35. Conflict of Interest:

A conflict of interest is considered to be a situation in which a party has interests that could improperly influence that party’s performance of official duties or responsibilities, contractual obligations, or compliance with applicable laws and regulations:

35.1 A Bidder may be considered to be in conflict of interest with one or more parties in this bidding process if, including but not limited to:

i. have controlling partners/ shareholders in common; or
ii. receive or have received any direct or indirect subsidy from any of them; or
iii. have the same legal representative for purposes of this Bid; or iv. have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the Bid of another Bidder, or influence the decisions of the Procuring Entity regarding this bidding process; or
v. the Bidder participates in more than one Bid in this bidding process. Participation by a Bidder in more than one Bid will result in the disqualification of all Bids in which the Bidder is involved. However, this does not limit the inclusion of the same subcontractor, not otherwise participating as a Bidder, in more than one Bid; or

vi. the Bidder or any of its affiliates participated as a consultant in the preparation of the design or technical specifications of the Goods and Services that are the subject of the Bid; or

vii. Bidder or any of its affiliates has been hired (or is proposed to be hired) by the Procuring Entity as engineer-in-charge/ consultant for the contract.

35.2 The Bidder shall have to give a declaration regarding compliance of the Code of Integrity prescribed in the Act, the Rules and stated above in this Clause along with its Bid, in the format specified in Section IV, Bidding Forms.

36. Code of Integrity:

Any person participating in the procurement process shall -

36.1 not offer any bribe, reward or gift or any material benefit either directly or indirectly in exchange for an unfair advantage in procurement process or to otherwise influence the procurement process;

36.2 not misrepresent or omit that misleads or attempts to mislead so as to obtain a financial or other benefit or avoid an obligation;

36.3 not indulge in any collusion, Bid rigging or anti-competitive behaviour to impair the transparency, fairness and progress of the procurement process;

36.4 not misuse any information shared between the procuring Entity and the Bidders with an intent to gain unfair advantage in the procurement process;

36.5 not indulge in any coercion including impairing or harming or threatening to do the same, directly or indirectly, to any party or to its property to influence the procurement process;

36.6 not obstruct any investigation or audit of a procurement process;

36.7 disclose conflict of interest, if any; and

36.8 disclose any previous transgressions with any Entity in India or any other country during the last three years or any debarment by any other procuring entity.

37. Grievance Redressal during procurement process

In case of any grievance, the same shall be taken up to the MD RMSM, whose decision will be final and binding.

T.O.R [Term of Reference]

TERMS OF REFERENCE (TOR)

"Impact study of Centrally Sponsored Scheme Information and Communication technology @schools scheme in 653 Government Schools across Chhattisgarh"

Information & Communication Technology (ICT) is universally acknowledged as an important catalyst for social transformation and National progress. However, disparities in the level of ICT readiness and use could translate into disparities in level of productivities and hence could influence a country's rate of economic growth. Understanding and leveraging ICT is therefore critical for countries striving for continued social and economic progress.

India shows enormous geographic and demographic disparity in ICT use. India has one of the largest ICT work forces in the world. One can find intense ICT use in technology clusters such as Bangalore and Gurgaon or amongst the upper middle brackets of incomes. The other side of the story is that large parts of the country lack even telephone connectivity.

1. ***Background/ Need for the study***:

Adequate vigilance, continuous monitoring and supervision are quintessential for successful implementation of any educational program. In this context, a continuous assessment of progress, diagnosis of strength & weaknesses and provisions for introduction of remedial and corrective measures is necessary.

As the ***Information and Communication technology @ schools scheme Phase-II*** is comparatively in the nascent stage and objectively targeted to educate enabling learning environment to promote the usage of ICT especially in Secondary and Higher Secondary schools in rural areas. Promote critical thinking and analytical skills by developing self-learning. The need for an overall assessment of its functioning and effectiveness seems more imperative.

The outcome of the study will throw light on best practices, challenges, issues in implementing school ICT programs, and suggest a way forward for the existing ICT programs and new ICT
programs of the state.

2. ***Objectives of the Scheme***:

I. To establish an enabling environment to promote the usage of ICT especially in HigherSecondary and Secondary Government Schools in rural areas. Critical factors of such an enabling environment include widespread availability of access device, connectivity to the Internet and promotion of ICT literacy.

II. To ensure the availability of quality content on-line and through access devices both in the private sector and by SIETs.

III. Enrichment of existing curriculum and pedagogy ICT tools for teaching and learning.

iv. To enable students to acquire skills needed for the Digital world for higher studies and gainful employment.

v. To provide an effective learning environment for children with special; needs through ICT tools.

vi. Promote critical thinking and analytical skills by developing self-learning. This shall transform the classroom environment from teacher-centric to student-centric learning.

vii. To promote the use of ICT tools in distance education including the employment of audio-visual medium and satellite based devices.

3. Vision:

The ICT Policy in school education aims at preparing youth to participate creatively in the establishment, sustenance and growth of a knowledge society leading to all round socio-economic development of the nation and global competitiveness.

4. Mission:

To devise, catalyze, support and sustain ICT and ICT enabled activities and processes in order to improve access, quality and efficiency in the school system to adopt ICT as future tool and modernized teaching learning practices.

5. *Policy Goals*:

To achieve the above, the ICT Policy in school education will endeavor to

Create

An environment to develop an ICT knowledgeable community

An ICT liberate community who can deploy, utilize, benefit from ICT and contribute to nation building

An environment of collaboration, cooperation and sharing, conducive to the creation of a demand for optimal utilization of and optimum returns on the potentials of ICT in education.

Promote

Universal, equitable, open and free access to state of the art ICT and ICT enabled tools and resources to all students and teachers

Development of local and localized quality content and enable students and teachers to partner in the development and critical use of shared digital resources

Development of professionals networks of teachers, resources persons and schools to catalyze and support resource sharing, up gradation and continuing education of teachers; guidance, counseling and academic support to students; and resource sharing, management and networking of school managers and administrators, resulting in improved efficiencies in the schooling process

Researches, evaluation and experimentation in ICT tools and ICT enabled practices in order to inform, guide and critically utilize the potentials of ICT in school education.

Motivate and enable

- Wider participation of all sections of society in strengthening the school education process through appropriate utilization of ICT.

6. *Key objectives of the External Evaluation*:

As mentioned in the tender document Third party has to focus on the key aspects during the conduct of ICT evaluation study in sample schools.

p) Any other issue/requirements as per ICT phase-II RFP.

The objectives of the external evaluation will be guided by the following documents:

- The policy documents of the scheme.
- Tender document of ICT phase-II
- Conditions described in the evaluation tender.

7. Suggested Design framework for the study:

Based on the objectives of the study related to quality, usage, benefits of ICT programs in Chhattisgarh and for suggesting a way forward for ICT programs for schools in Chhattisgarh, LLF would undertake sample size of listed 653 schools across the 28 districts of Chhattisgarh. The questioners, formats and the detailed evaluation study plan would be chalked out in consultation with the department of Secondary School Education. The design of the impact assessment evaluation study will adopt an interactive and analysis based study with the help of tools and instruments developed for the execution of quality audits and learning outcomes as mutually agreed upon.

8. ***Proposed Methodology***:

The study would be based on a cross sectional research design. It is proposed to adopt a judicious mix of quantitative and qualitative methods. While the quantitative data would give the measure of change, the qualitative data would give a good read out to the quantitative data. The actualprocess of change, relevance etc. would be captured through the qualitative data.

The Target groups for the evaluation study would be-

a) ***Head of the Institutions***:

To assess the attitude of the principal towards ICT facility in the school.

To know the measures being taken by them in the case of the functionality of computer education.

To know the ICT facility provided in the teaching-learning process.

To know the suggestions for best use of the scheme.

b) Instructor :

To assess the attitude of the instructor towards ICT facility in the school.

The availability of computer trained teacher and attitude towards using computers in the school.

c) Students:

To know the achievement status of students regarding ICT skills.

Use of ICT enhancement of their learning.

The availability of computer period for each class in the school time table.

9. ***Tools and Techniques***:

Collection of data will be based as per the scope of evaluation as mentioned in the third party evaluation document. The following tools and techniques would be used to fulfill the objective of the evaluation study as mentioned in the tender document:

a) Achievement in the learning levels of student and other documents, community and educational officers, inventories.

b) Availability list for ICT resources in schools (ALIRS)
c) Checklist for survey of ICT program hardware and software.
d) Checklist for sampling of respondent.
e) Detailed questioner for head of the institutions (Hindi and English)

100% of the 653 schools computerized under ICT @ school scheme in the state 653 schools would be taken up for the evaluation study in the list Of ICT schools as shared by RMSA Raipur in the tender.[List of the school attached]

11. Time line schedule:

Third party will have to complete the entire project activities within the following timelines:

a. within fourty five from the date of issue of work order for item in Para 3.1; and
b. within 30 days from the from the end of each quarter for item in para 3.3.

12. Evaluation process :

With respect to the data collection this is an exploratory survey study. On the basis of data analysis process in this survey Mixed Method Research Design has to be adopted. In education we deal separately with quantitative methods and qualitative methods. However, a growing number of research and evaluation studies make use of mixed methods, that is, both quantitative and qualitative methods within a single study. Given that each of these approaches has its own strengths and limitations, combing them seems a good idea. It appears to offer a more comprehensive approach to finding answers to research questions, especially since many questions in education are complex and cannot easily be answered using a single method.

PHASE-I (PLANNING)
