12. BROAD SCOPE OF THE CONSULTANCY-

The Consultants broad scope of work shall include the following:-

A- **SURVEY:** Physical and topographical survey of Land, Soil investigation and Water resistivity survey.

B- **PREPARATION OF LAYOUT PLAN :** Preparation of layout plans of Buildings, Roads, Sewerage System, Supply system, External Electrical System, Open Spaces, Garden, Play Grounds, Water harvesting etc. as per the norms and guidelines of Town & Country Planning Department of Chhattisgarh/local by laws.

C- **DESIGNING OF EXTERNAL SERVICES**: Designing external services including water harvesting structures and roads.

D- **PLANNING & DESIGN OF BUILDING**: Designing of all types of buildings.

E- Visiting the site as and when required to clarify any decision or interpretation of the drawings and specifications that may be necessary coordinating at site during execution and attending conferences and meetings as and when required.

F- Advising the Executive engineer, PWD Division NO-1 BIASPUR on any technical matters connected with the construction of the said project.

G- Coordinating with various other agencies such as EPCO, CPA Town and country planning, PHED, Municipal Corporation, Electricity Board and Financing.

13. DETAIL SCOPE OF WORK-

A. SURVEY:

Survey shall be done by any scientific method, using latest instruments. Survey would include: Site evaluations, Analysis and impact of existing and proposed development on its immediate environs.

1. Site survey including adjecent area (Site Plan will be in scale 1:500 or as directed)
2. Soil test: Type of soil, strata and its bearing Capacity.
3. Resistivity survey to find out underground water table.
4. Contour Survey at intervals as specified by the in Engineer in charge.
5. Location of all existing structures like, water bodies, trees, electric line, building etc.
6. Any other features as directed by engineer in charge.
7. Survey plan and contour plan will be in scale 1:500, or as directed

SUBMISSION

1. Soil test resistivity survey report.
2. Site Plan, Contour Map, Soil Map, Location map of all under ground water points and other Maps in 1:500 scale (or as directed), in 8 hard copies and one soft copy in CD.

B. **PREPARATION OF LAYOUT PLAN**

1. Layout plan should be in 1:500 scale (or as directed) . Layout plan shall include Buildings, Roads, Sewerage System, Water Supply System, External Electricity System, Open Spaces, Garden, Play Grounds etc. As per the norms and guidelines of Town and Country Planning Department of Govt. of Chhattisgarh.

SUBMISSION

1. concept plans along with detailed estimate be submitted, each in triplicate, necessary changes shall be made by the consultant and submitted.
2. On approval of the concept plan, detail layout plan as per B (I) above, shall be submitted in 8 hard copies and one soft copy.

C. DESIGNING OF EXTERNAL SERVICES

1.0 Designing of external Water Supply System shall include:-

(a) Capacity of over head tank and sump well shall be designed for the population of entire Scheme/Project.
(b) Detailed RCC Design of overhead tank and sump well.
(c) Design of external water supply line clearly showing diameter of pipe and type of pipe (GI, CI, etc.) and position of values and operating systems.
(d) Design of pump houses for OHT, sump well and Tube wells including capacity of pumps/motors.
(e) Design of fire hydrant.
(f) Lighting conductor system for overhead tanks.
(g) Design of efficient water - harvesting/conservation system.

SUBMISSION

1. All Working drawing in 8 hard copies and one soft copy.
2. Detail estimate including specification of different items of work, in 3 hard copies and one soft copy.

1.1 **Designing of external sewerage system.**

(a) Detail working drawings of external sewerage system including details of Eco friendly final disposal of the waste.
(b) Design of feasible Sewerage Treatment Plant and reuse of treated Water in Garden, Playgrounds and supply of non- potable water to each House hold / blocks / building.

SUBMISSION

1. All Working drawings in 10 hard copies and one soft copy.
2. Detail estimate and brief specification of works, in 3 hard copies and one soft copy.

1.3 Designing of Cement Concrete/ Bitumen Roads including Culverts and Drainage system. It shall include :-

a) Levels of Roads, Culverts & Storm water Drains.

b) Sections of Roads/Culverts. Drains.
c) Design of Bitumen/ CC Roads/RCC culverts/drains.

SUBMISSION

1 All Detail Working Drawings in 10 hard copies and one soft copy.
2 Detail estimate and brief specification of works in 3 hard copies and one soft copy

1.4 Design of external electrification.

(a) Design of external electrification system as per the CSEB Norms**.**

SUBMISSION

1 All Detail Working drawings in 10 hard copies and one soft copy.
2 Detail estimate and brief specification of works in 3 hard copies and one soft copy

1.5 Landscaping, Landscape plan shall include:

Detail landscape plan, including choice of species etc.

SUBMISSION

1 All Detail Working drawings in 10 hard copies and one soft copy.
2 Detail estimate and brief specification of works in 3 hard copies and one soft copy.

D: PLANING AND DESIGN OF BUILDINGS:-

i Preparation of plans, elevation and sections for all types of buildings.
ii Detailed structural designs of foundation, superstructure, beams, columns, lintels, chajjas, slab, and all members of building. ----------
iii Preparation of Drawing showing :-

a) Layout/site plan with furniture layout and circulation.
b) Working drawing with details of footing, (as per the type of soil and height of the structure) Plinth level details, super structure details, beams, columns, lintels, chajjas, slab, staircase etc, Building plan of every floor in scale 1:100. Elevation in scale 1:100 RCC Design of Building/House including reinforcement details, Design of internal Water Supply, Design of internal Electrification, Electronic Communication System Design of Sanitary and plumbing system, Design of Doors and windows, Design of Gate, Grills and Railings Design of internal external color schemes, Color scheme on Grills and Railings, water harvesting planning for each house. Elevators, escalator, fire protection and security system, heating, ventilation and air conditioning system (HVAC) and other mechanical system,
c) Electrical layout plan,
d) Water supply layout plan.

e) Various elevation of all sides with perspective views, models etc,
f) Internal and peripheral Landscape plan.
g) Lightning conductors system for buildings.

SUBMISSION

1. All Detail Working Drawings in 10 hard copies and one soft copy.
2 Details estimate and brief specification of works in 3 hard copies and one soft copy

Note- 1. The consultant shall submit model/ 3 D views/ Walk through presentation on a convenient scale of all the plans and designs, as per the requirement.
2. The consultant shall show and incorporate appropriate street furniture in all plans and designs.

Consultant shall design as per exiting relevant codes. Consultant should follow existing norms, rules and regulations of CGPWD, PHE, Nagar Nigam, Town and Country Planning Department, Electricity board and other departments. Consultant shall obtain statutory approval of all submission from the concerned department. Consultant shall visit the site for at -least two days in a month as per the date fixed by the Engineer in charge as and when required at his own cost. Consultant shall prepare Detailed structural design, plans, estimate, and bill of quantities based on current schedule of rates of CGPWD, in consultation with engineer in charge, within the rules and regulation of CGPWD.

Note- Drawings and documents required are mentioned in annexure 2 & 3.

14. TIME SCHEDULE FOR THE SCOPE OF WORK-

1. **Stage 1–** Submission of drawings as per annexure-2 (A), brief description of specifications, stage-1 estimate and approval of the drawing from competent authorities **within 30 days** of signing of agreement.
2. **Stage 2-** Submission of detailed drawings, all working drawings as per annexure-2(B) and annexure-3, etc; excluding detailed estimates, **within 20 days** from approval of **stage 1.**
3. **Stage 3-** detailed estimates along with detail report and specifications **within 10 days** from approval of **stage 2**.

15. MODE OF PAYMENT-

S.No.	Particular Stages	% of fee payable
i	**Stage I –** After Submission of drawings as per annexure- 2(A), brief description of specifications, stage-1 estimate and approval of the drawing from competent authorities	**20%**
ii	**Stage II -** After Submission of detailed drawings, all working drawings as per annexure- 2(B) and annexure-3, etc; excluding detailed estimates.	**35%**

iii	**Stage III -** After Submission of detailed estimates along with detail report and specifications.	**40%**
iv	**Stage IV** On completion of work, after getting certificate from Engineer in charge.	**5%**

Note- All payments towards Consultancy fee to the selected consultant will be made in Indian Rupees only.

16. GENERAL INFORMATION AND INSTRUCTIONS TO APPLICANTS-

16.1 All information requested for in the enclosed forms should be furnished against the respective columns in the form. If information is furnished in separate documents, reference to the same should be given against respective column. If information is 'Nil' it should also be mentioned as 'Nil' or 'No such case'. If any particular query is not applicable in case of applicant, it should be stated as "Not applicable". The applicants are cautioned that non submission of complete information called for in the required formats, or making any change in the prescribed forms may result in the applications being summarily rejected.

16.2 All the information must be submitted in English.

16.3 The documents should be sent by speed post or registered post. CGPWD will not entertain any application after the prescribed time limit on any grounds.

16.4 The application should preferably be type written. The applicant's name & signature should appear on each page of the application form and other relevant documents enclosed.

16.5 Overwriting shall be avoided and corrections, if any, shall be made by crossing out, initialing, marking the date and rewriting. All pages of the application shall be numbered and submitted as a package with signed letter of transmittal.

16.6 References, information and certificates from the clients certifying suitability, technical know-how or capability of the applicant shall be signed by the respective client.

16.7 The applicant is advised to attach any additional information he thinks would be necessary in regard to his capabilities. No further information will be entertained after submission of application unless it is required by the CGPWD. The CGPWD reserves the right to call for additional information and clarification of information submitted from the applicants.

16.8 The application form duly completed and signed shall be submitted in sealed cover. The sealed cover shall be super scribed as "Prequalification of consultants for building work" and shall be received by the Superintending Engineer, PWD BILASPUR CIRCLE BILASPUR Chhattisgarh- 495001 on or before specified date and time of EOI call.

16.9 The cost incurred by applicants in preparing this application providing clarifications or attending discussions/ conferences in connection with this document shall be borne by the applicant and the CGPWD in no case will be responsible or liable for these costs, regardless of the conduct or outcome of the process.

17. FINAL DECISION MAKING AUTHORITY-

The **SE PWD, Bilaspur Circle Bilaspur**, Chhattisgarh, reserves the right to accept or reject any application and to abounded the process and reject all application at any time without assigning any reason and without thereby incurring any liability of applicant or without informing the applicants on the grounds for the CGPWD's action. For any discrepancy the appeal can made to Chief Engineer PWD **Zone Bilaspur**, Chhattisgarh Whose decision shall be final.

18. Even if an applicant firm Qualification for award of work, it will be subject to disqualification if it has:

i) Made a false representation in the form, statement and attachments required in the Registration document.
ii) Record of poor performance such as abandoning work, not properly completing contact, financial failures or delayed completion.
iii) If it has been convicted by any court of law.

19. ARBITRATION-

1. The Executive Engineer, PWD Division NO-1 BILASPUR and the Consultant each bind themselves their partner's successor's executors Administrators and assignees to the other party in respect of all covenants to the agreement. Except as above, neither the Executive Engineer PWD nor the Consultant shall assign, sublet or transfer their interest in this agreement without their written consent of the other party and the Executive Engineer, and the Consultant hereby agree to full performance of the covenants contained herein.
2. In case of any dispute arising of this Agreement the matter shall be referred to a sole Arbitrator to be appointed by the PWD, Chhattisgarh not below the rank of Superintending Engineer and the decision shall be binding on both the parties.

The above offer/rate is here by accepted by me on behalf of the governor of Chhattisgarh.

Note- All terms and conditions are same as in RFP.

Consultant **E.E.PWD, division.....**
Address: .....
Place - .....
Date - .....

Annexure-2

List for Planning, design and Development Drawings

A) STAGE-1 (Concept drawings)

1- Site Plan 1:500(Including all survey details, location of trees, roads, contours etc.)
2- Site plan with locating Propose building.
3- All concept floor plans, Scale -1:00
4- Two main elevations, scale- 1:00
5- 3-D view of all buildings in premises.

B) STAGE-2 (working drawings)

1- Detail site survey plan 1:500 with existing and proposed buildings, location plan etc. (with all site development and contours etc)
2- two site cross-sections.
3- Landscape Plans and details.
4- Drain line, water harvesting, Groundwater recharge plans etc.
5- Fixing the gradient according to water body based on. Complete reference level survey of the premises.
6- Fixing the gradient at drain and road level according to road surface and located the accurate benchmark.
7-All Floor plans 1:100 with Area calculation Plan and detail.
8- All Flooring Patterns & detail.
9- All side elevations with reference of surface levels.
10- Two cross sections with details.
11- Staircase details.
12- Toilet details and kitchen details.
13- Door-Window & Joinery details.
14- Water supply-line details.
15- Electrical Drawings showing Points and fixtures on plan & Details.
16- Electrical wiring layout Diagrams & details.
17- Electrical load calculations.
18- Details of internal or External Elements of Structure for interior or

Elevation features (If necessary or required).

Note- All Architectural drawings should be duly signed (with seal) by registered Architect.

Annexure-3

List for Structural drawings (STAGE-2)

1- Excavation plan & details.

2- Footing / Piles, Foundation design & centre line with detail.

3- Column centre line plan and column detail for each floor.

4- Plinth beam Plan, sections & details.

5- Lintel beam plan, sections &details for each floor. (With details of chhajja, loft etc)

6- Slab beam plan, Section & details for each floor.

7- Every slab level design, Plan & details.

8- Sunken slab details.

9- Design of any other structural elements i.e. elevational features; trusses etc

10-Design of Site development's element i.e. retaining walls etc. if required.

11-Design and details for overhead tank, boundary wall, Culverts or main gate entrance design etc.

12-All structural design calculations & Justification, duly proof checked from approved government engineering colleges/IIT/NIT.

13- Detail Estimate as per current PWD SOR.

Note- All structural drawings and design shall be duly signed and seal by registered structural engineer.
