INTERPRETATIONS & DEFINITIONS

1.	The **"Contract"** means the documents forming the bid and acceptance thereof and the formal agreement executed between the competent authority on behalf of Govt. of C.G.P.W.D. Raipur and the bidder (hereinafter call the contractor), together with the documents referred to therein including those conditions, the specifications, designs, drawings and instructions issued from time to time by Superintending Engineer, Public works Department, Circle ..... and all these documents taken together, shall be deemed to form one contract and shall be complementary to one another.	
2.	In the contract, the following expression shall, unless the context otherwise requires, have the meanings, hereby respectively assigned to them.	
	i.	The expression **"Works", or "Work"** shall, unless there be something either in the subject or context repugnant to such construction, be constructed and taken -to mean the works by or by virtue of the contract contracted to be executed whether temporary or permanent, and whether original, altered, substituted or additional.
	ii.	The **"Site"** shall mean the land/or other place on, into or through which work is to be executed under the contract or any adjacent land, path or street through which work is to be executed under the contract or any adjacent land, path or street which may be allowed to use for the purpose of carrying out the contract.
	iii.	The **"Contractor"** shall mean the successful bidder undertaking the works and shall include the legally authorized representatives or such individual or the persons comprising the agency, or the successors of the agency having possession of the property or holding in the event of the firm is liquidated before completion of work.

	iv.	"Executive Engineer/Engineer-in-charge" means Executive Engineer, Public works Department, Division ..... Raipur (C.G.)
	v.	The **"O.I.C"** means Officer-in-charge who shall supervise and be in charge of the work.
	vi.	**'Bid Value"** means the value of the entire work as stipulated in the letter of award.
	vii	**"Equipment"** means all machinery, apparatus and articles to be provided under the contract by the Bidder.
	viii	**"Parties to contract "** means the bidder whose bid is accepted by the Executive Engineer with the consent of committee on one part (here is after called as contractor) and Govt. of C.G.P.W.D. acting through the Executive Engineer , …….Division ..... P.W.D. …….on other part.
3.	Where the context so requires, words imparting the singular only also include the plural and vice versa. Any masculine gender shall whenever required include feminine gender and vice versa.	
4.	Headings and marginal notes to the conditions of the contract shall not be deemed to form part thereof or be taken into consideration in the interpretation or construction thereof or of the contract.	
5.	The Bidder shall be furnished, free of cost one certified copy of the contract documents (except standard specifications, schedule of rates and such other printed and published documents), together with all drawings as may be forming part of the bid papers. None of these documents shall be used for any purpose other than that of this contract.	

CLAUSES OF CONTRACT

Clause: 1 Works to be carried out:

The work to be carried out under the contract shall, except as other wise provided in these conditions, include all labour, materials, tools, plants, equipment, royalty & taxes etc. and transport which may be required in preparation of and for and in the full and entire execution and completion of the works. The descriptions given in the scope of work shall, unless otherwise stated, be held to include wastage on materials, carriage and cartage, carrying and return of empties, hoisting, setting, fitting and fixing in position and all other labors necessary in and for the full and entire execution and completion of the work as aforesaid in accordance with good practice and recognized principles.

Clause: 2 Sufficiency of Bid:

The Bidder shall be deemed to have satisfied himself before bidding as to the correctness and sufficiency of this bid for the works and prices shall except as otherwise provided/cover all his obligations under the contract and all matters and things necessary for the proper completion and maintenance of the works.

Clause : 3 Time Allowed :

3.1 The Work should be completed to the satisfaction of Engineer-in-charge within ..... from date of work order in all respects.

3.2 Notwithstanding anything herein contained, the parties hereto acknowledge and agree that the time is the essence of the contract in all respects for their respective performance and discharge of obligations under this contract and the parties shall adhere to the time/delivery schedule as provided in **Annexure** - I of the contract unless otherwise mutually agreed to by the committee and contractor.

Clause : 4 Responsibilities of Executive Engineer :

4.1 Being a party of this Contract shall sign the agreement with the contractor within fifteen days of issue of acceptance Letter issued by the him. This period can be extended maximum up to 7 days on written consent of committee.

4.2 Hand-over the site to the contractor within seven days of signing of the agreement.

4.3 Allow the work to be commenced by the contractor by issuing work order within seven days after signing of the agreement.

Clause: 5 Performance Guarantee:

5.1 The contractor shall submit an irrevocable PERFORMANCE GUARANTEE of 5% (Five percent) of the contract amount in term of Indian Rs., in addition to other deposits mentioned elsewhere in the contract for his proper performance of the contract agreement, (not withstanding and/or without prejudice to any other provision in the contract) within 15 days of issue of issue of work order. This period can be further extended by the Executive Engineer up to a maximum period of 7 days on written request of the contractor stating the reason for delays in procuring the Performance Guarantee, to the satisfaction of the committee. This guarantee shall be in the form of Government Security or fixed deposit receipts/Guarantee Bonds issued by State Bank of India/other scheduled bank approved by RBI, in accordance with and as per prescribed format.

5.2 the work order shall be issued in the first instance informing the successful bidder of the decision of the competent authority to accept his bid and the award letter shall be issued only after the Performance Guarantee in the prescribed form is received. In case of failure by the contractor to furnish the performance guarantee within the specified period, the Executive Engineer, shall without prejudice to any right or remedy available in law, be at liberty to forfeit the earnest money absolutely.

5.3 The Performance Guarantee shall be initially valid for 36 months. In case the time for completion of work gets enlarged, the contractor shall get the validity of Performance Guarantee extended to cover such enlarged time for completion of work. The available performance guarantee shall be returned after expiry of warranty period of the project.

5.4 The Executive Engineer shall not make a claim under the Performance Guarantee except for amounts to which the Executive Engineer is entitled under the contract (not withstanding and/or without prejudice to any other provisions in the contract agreement) in the event of :-

(a) Failure by the contractor to extend the validity of the Performance Guarantee as described herein above, in which event the Executive Engineer may claim the full amount of the Performance Guarantee.

(b) Failure by the contractor to pay the Executive Engineer any amount due, either as agreed by the contractor or determined under any of the Clauses/Conditions of the agreement, within 30 days of the service of notice to this effect by the Executive Engineer.

5.5 In the event of the contract being determined or rescinded under provision of any of the clause/condition of the agreement, the Performance Guarantee shall stand forfeited in full and shall be absolutely at the disposal of the Executive Engineer.

Clause : 6 Works to be executed in accordance with specifications, drawings, orders etc.:

6.1.1 The contractor shall submit the detailed work program and methodology of the work to be executed within 2 days of signing of the agreement. All program and methodology shall be got approved by the committee.

6.1.2 The Contractor will submit the drawings/design the work to be executed within 30 days of signing of the agreement. The design and drawings so submitted shall be the sole and exclusive property of the executive Engineer.

6.1.3 The contractor shall execute the whole and every part of the work in the most substantial and professional workman like manner both as regards to materials and otherwise in every respect in strict accordance with MORT & H specification (5^{th} Revision) & IRC coat 37-2012 including all necessary laboratory/site tests, quality assurance at his own cost.

6.2 All works shall be executed under the directions of engineer-in-charge.

6.3 The contractor shall employ his technical experts including a Graduate Engineer for technical supervision during execution of work and as long thereafter as may be necessary for proper fulfilling all the obligations under the contract.

Clause : 7 Discrepancies and Adjustment of Errors :

7.1 The several documents forming the contract are to be taken as mutually explanatory of one another, detailed drawings being followed in preference to small-scale drawings and figured dimensions in preference to general conditions.

7.2 In the case of discrepancy between the item of work approved in the drawing and codes the specifications and/or the Drawings the following order of preference shall be observed :

i. Particulars Specification and Special Condition, if any
ii. Drawings
iii. C.P.W.D Specifications in respect of the 'Sub-base' and base
iv. Latest Specifications of MORT & H & IRC

7.3 If there are varying or conflicting provisions made in any one document forming part of the contract, the committee shall be the deciding authority with regard to the intention of the document and committee's decision shall be final and binding on the contractor.

7.4 Any error in description, any omission of items in the schedule shall not Vitiate the contract or release contractor from the execution of the whole or any part of the works compromised therein according to drawings and specifications or from any of his obligations under contract.

Clause : 8 Materials, Equipment, Tools & Plant:

8.1 The contractor shall arrange all materials, labour, machinery, equipment, tools and plant, mixers, protective clothing, fork lift, truck, dumper, office equipment (hereinafter collectively referred to as 'materials & equipment') and such other materials and equipment as is necessary for efficient and timely execution of the work. The Executive Engineer, shall in no way be responsible to any accidents or injury caused during the execution of the work.

8.2 The entire work as provided in the contract shall have to be got done from the specialized and experienced agencies having necessary expertise, equipment, plant and machinery and necessary test etc.

8.3 All materials and equipment related to this contract shall be properly packed by the contractor to avoid any loss, damage or deterioration in transit and during storage or laying/fixing in India. Notwithstanding the said transit insurance, the responsibility of safe transportation of materials & equipment shall be with the contractor. Should any loss or damage occur, the contractor shall initiate and pursue claims till settlement and promptly make arrangement for repairs and/or replacement of any damaged items irrespective or settlement of claims by the under writers. Delay arising out of damage to materials and equipment in transit shall not be considered for extension of the schedule date of completion**.**

Clause : 9 Price :

9.1 The price bidded by the contractor shall be for completed items of work covering all materials, labour, carriage, royalties, fees, rents, sales tax and any other taxes, octroi, levies, insurance charges and demurrage, wastage, tools, plant, equipment, transport, temporary construction, overhead charges and profits as well as general liabilities, obligations and risks, etc. and security up to handing over of Roads arising out of the conditions of the contract etc complete. The prices will also include cost of testing of samples, collected during execution tests and repair/replacement of defective of worn out portions of surface during the warranty period. No extra charges, whatsoever, consequent on any misunderstanding or otherwise shall be allowed.

9.2 The price will remain firm during the entire period of contract till the completion of the work in all respects and there will not be any escalation in the bided value due to any reason whatsoever.

Clause : 10 Quality Control:

10.1. Samples shall be taken as per the direction of the Engineer-in-charge in presence of the authorized representative of the contractor. Samples shall be sealed and signed by both the parties/indicating the location from where the same were taken. The samples shall be sent to any of the laboratory as decided by the EE for testing at the cost of the contractor.

10.2 The contract value shall be inclusive of all costs in taking and preparation of samples, their sealing, carriage and testing etc. to ensure that the work has been done in accordance with specifications in all respects.

10.3 All the materials used except as provided in 10 will be got tested as per directions of the EE also for the purpose of ensuring the quality of materials being used during the construction, such tests will be arranged by committee at regional laboratory/Field it self but cost will be borne by the contractor.

Clause : **11 Payment**:-

Schedule of running payment :- Schedule of running payment may be based on the following break up of the cost quoted in form-G subject to the stipulations of conditions of contract.

S.No.	Activity Details	Percentage of payment	Remark
1.	carrying out traffic survey / site survey and sub soil investigation as per prevailing specification and cods	5%	Payment will be done only after completion of activity and written approval of Engineer in charge in all respect
2.	Preparation of Drawing Design, (mixed design crust design and working drawing) as per requirement for traffic design load (as per IRC - 37-2012 including its approval from engineer-in-charge	5%	
3.	Construction of soil stabilized embankment sub grade i/c sub base & base BT if necessary and Construction of drain/ cross drainage/pipe culverts as per requirement as per prevailing specification and cods	70%	
4.	On Completion of work and hand over to Engineer in charge	20%	

Proportional part payment shall be made for running items of work as per satisfaction of engineer-in-charge. The contrcator should submit the bill showing the detail item executed with specification in all respect shall be mentioned in every running payment. It shall be obligatory on the part of contractor to prepair such nomenclature/specifications realament of IRC/ISI/MORT&H/etc.

11.1 Recovery at source:- As per rules the Income Tax, Commercial Tax , Labour welfare cases, form each running bill/final bill will be deducted at source as per rules.

11.2 Security Deposit @ 5% will be deducted from each running bill & it will be refunded after satisfactory completion of work.

11.3 The price quoted by the Contractor shall be deemed to be inclusive of all taxes i.e. sales/VAT tax and other levies, duties, royalties, cess, toll, taxes of central and State Governments. Local bodies and authorities that the contractor will have to pay for the performance of this contract. The Govt. will perform such duties in regard to the deduction of such taxes at source as per applicable law. However if

"Service Tax" and cess on service tax or any other "new Tax " (not increase or decrease in existing tax, duties, surcharge,) is levies on the contractor either by central govt. or state govt. then the Executive Engineer shall reimburse the " Service Tax " and cess on service tax and or " New Tax " amount ; on submission of proof of such payments by the contractor .

Clause 12 : <u>Warranty of the work</u>

12.1 The contractor shall certify that no sub-standard materials have been used in the work.

12.2 The contractor undertakes that all remedial work or repairs or replacement necessary under the terms of warranty will be carried out promptly on notification in writing by the Executive Engineer / competent authority. in this regard and repairs or replacements will be carried out with materials identical to the original surface and at set times as may be agreed with the committee. so that the program of activities is not affected. In case the contractor fails to carry out the said repairs/replacements/ removal of the defects within the stipulated time, the Executive Engineer with the consent of committee shall get the Bank Guarantee encashed and forfeit the amount of Bank Guarantee.

12.3 The contractor shall discharge the obligations at his cost under the warranty clause.

Clause - 13 <u>Breach of Contract</u>

13.1 The Executive Engineer while executing a contract with the contractor shall have the full right to see that the terms & conditions, specifications, quality, workmanship of the works assigned to the contractor is fully complied and are satisfactory/ acceptable before payments are released.

13.2 If at any stage it is seen that the quality of material being used is below the standard accepted/ specified in the agreement or any deviation from the approved specification of the product or the laid down norms are not being followed/ there is contravention to the terms and conditions of agreement, the same will be considered as breach of contract and in such case, the Executive Engineer with consent of committee will have full right to stop further payment even if due, until and unless the discrepancies/ objections are set right or replaced/ clarified by the contractor to the entire satisfaction of the committee. Failing to comply with the above, the Executive Engineer with consent of committee would initiate legal action as deemed fit within the jurisdiction of Chhattisgarh Courts.

Clause 14 : <u>Force Majeure</u> –

14.1 The term "Force Majeure" shall mean acts of God or any act not within the control of parties, such as lightening and unprecedented floods, earthquake, hurricane and wars, revolts, riots, fire, sabotage. Upon the occurrence of such cause and upon its termination, the party, alleging that it has been rendered unable, as aforesaid, shall notify the other party in writing immediately but not later than seven days of the alleged beginning as well as ending thereof, giving full particulars and satisfactory evidence in support of its claim.

14.2 In the event of either party being rendered unable by force majeure to perform any duty or discharge any responsibility arising out of the contract, the relative obligation of the party affected by such force majeure shall upon notification to the other party be suspended for the period during which force majeure event lasts. The cost and loss sustained by either party shall be borne by respective parties.

14.3 The time for performance of the relative obligation suspended by the force majeure shall stand extended by the period for which such cause lasts.

14.4 Should the delay caused by force majeure exceed two months, the parties to the contract shall hold discussions with the committee to resolve the situation.

Clause 15 : **<u>Liquidated Damages</u>**

15.1 The Executive Engineer and the contractor recognize that "time is the essence of contract" and the Executive Engineer will suffer financial loss and other damages including loss of face and reputation of the country, if the work is not completed within the stipulated date of completion. They also recognize the delay, expense and difficulties involved in proving in legal or arbitration proceedings the actual loss suffered by the Executive Engineer if the work is not completed within the stipulated time; accordingly, instead of requiring any such proof the Executive Engineer and the contractor agree that as liquidated damages for delay (but not as a penalty) the contractor shall pay the Executive Engineer Rupees 10,000/- per day, that expires after the stipulated date of completion until the work is completed, unless such delay is due to Force Majeure as defined in the contract or due to the Executive Engineer's default. The total incidence of liquidated damages for the entire work covered under the Contract shall, however, not exceed a sum of 10% (Ten Percent) of the contract value.

15.2 The parties agree that the figures of liquidated damages indicated here above are genuine pre-estimates of the loss/damage which the Executive Engineer would have suffered on account of delay/breach on the part of the contractor and the said amount will be payable on demand without there being any proof of the actual loss or damages caused by such delay/breach. All sums payable by way of liquidated damages shall be considered as reasonable compensation without reference to the actual loss or damage which shall have been sustained.

15.3 The decision of the Executive Engineer, in the matter of applicability of the clause of liquidated damages shall be final and binding on the contractor.

15.4 The Executive Engineer may without prejudice to any other method of recovery of such liquidated damages, deduct the amount so payable by the contractor, from any amount due or falling due to the contractor. The payment of deduction of such amounts shall not relieve the contractor from his obligations to complete the work or from any other obligations and liabilities of the contractor under the contract.

15.5 If the contractor fails to execute the work with due diligence and within the prescribed time scheduled for different items of work or refuses or neglects to comply with reasonable orders given to him, in writing by the Executive Engineer in connection with the works, or contravenes the provision of the contract, the Executive Engineer may give notice in writing to the contractor to make good such failure, neglect or contravention. Should the contractor fail to comply with the notice within three days from the date of service thereof, the Executive Engineer shall be at liberty to employ other workmen and forthwith execute such part (s) of work as the contractor may have neglected to or if the Executive Engineer shall think fit, it shall be lawful for him, without prejudice to any other right, it may have under the contract, to take the work, wholly or in part out of contractor's hands and re-contract and complete the same or any part thereof to the contractor's account and in that event the Executive Engineer shall have free use of contractor's equipment that may have been at the time on site in connection with the work without being responsible to the contractor for reasonable wear & tear thereof and to the exclusion of any right of the contractor over the same, and the Executive Engineer, shall be entitled to retain and apply any amount due to the contractor or such part thereof as may be necessary, to the payment of the cost of executing the said part of the work or of completing the work or executing a part thereof as aforesaid exceeds the balance amount (s) due to the contractor, the contractor shall pay such excess. Such payment of excess amount shall be independent of the liquidated damages for delay, which the contractor shall have to pay if the completion of work is delayed.

15.6 In addition, such action by the Executive Engineer as aforesaid shall not relieve the contractor of his liability to pay liquidated damages for the delays in completion of work.

Clause 16 : Arbitration

16.1 Except where otherwise provided in the contract, all questions and disputes relating to the meaning of the specifications, designs, drawings and instructions herein before mentioned and as to the quality of workmanship or materials used on the work or as to any other question, claim, right, matter or thing whatsoever. In any way arising out of or relating to the contract, designs, drawings, specifications, estimates, instructions, orders or conditions of the contract or

otherwise concerning the works or the execution or failure to execute the same whether arising during the progress of the work or after the cancellation, termination, completion or abandonment thereof shall be settled amicably between the parties. If amicable settlement cannot be reached, disputes or differences shall be referred for adjudication through arbitration by a sole arbitrator appointed by the Government of Chhattisgarh, P.W.D. If the arbitrator so appointed is unable or unwilling to act or resigns his appointment or vacates his office due to any reason whatsoever, another sole arbitrator shall be appointed in the manner aforesaid. Such person shall be entitled to proceed with the reference from the stage at which it was left by his predecessor.

16.2 It is a term of this contract that the party invoking arbitration shall give a list of disputes with amounts claimed in respect of each such dispute along with the notice for appointment of arbitrator.

16.3 It is also a term of this contract that no person other than a person appointed by the Government of Chhattisgarh, P.W.D. as aforesaid, should act as arbitrator and if for any reason that is not possible, the matter shall not be referred to arbitration at all.

16.4 It is also a term of this contract that if the contractor does not make any demand for appointment of arbitrator in respect of any claim in writing as aforesaid within 120 days of receiving the intimation from the committee, that the final bill is ready for payment, the claim of the contractor shall be deemed to have been waived and absolutely barred and the Executive Engineer shall be discharged and released of all liabilities under the contract in respect of these claims.

16.5 The arbitration shall be conducted in accordance with the provisions of the Arbitration and Conciliation Act, 1996 (26 of 1996) or any statutory modifications or re-enactment thereof and the rules made there under and for the time being in force shall apply to the arbitration proceedings under this clause. It is also a term of this contract that the arbitrator shall adjudicate on only such disputes as are referred to him by the appointing authority and give separate award against each dispute and claim referred to him and in all cases, the arbitrator shall give reasons for the award.

16.6 It is also a term of the contract that if any fees are payable to the arbitrator and any other expenses incurred for arbitration proceedings, these shall be paid equally by both the parties.

16.7 It is also a term of the contract that arbitrator shall be deemed to have entered on the reference on the date he issues notice to both the parties calling them to submit their statement of claims and counter statement of claims. The venue of the arbitration proceedings shall be such place as may be fixed by the arbitrator in his sole discretion. The fees, if any, to the arbitrator shall, if required to be paid

before the award is made and published, be paid half and half by each of the parties. The cost of the reference and of the award (including the fees, if any, of the arbitrator) shall be in the discretion of the arbitrator who may direct to and by whom and in what manner, such costs or any part thereof shall be paid and fix or settle the amount of costs to be so paid.

16.8 Notwithstanding anything contained in this contract, the parties shall not be entitled to invoke reference of dispute to the arbitration after acceptance of the final payment until it is so recorded on the bill that the same was being received under protest.

16.9 The award shall be final and binding on both parties. Arbitration proceedings shall be conducted in English language and in India only.

Clause 17 : <u>Jurisdiction and applicable law</u>

Indian Laws will govern this contract and any application in respect of any proceedings under this contract will be to the jurisdiction of the courts of Raipur (India) only and also for any application to entertain any suit in connection with this contract. Provided that nothing herein contained shall operate to the prejudice of any rights/recourses of the Executive Engineer/committee regarding blacklisting or any other matter for which there exists any condition in writing.

Clause 18 : **<u>Cancellations of contract</u>**

Notwithstanding anything herein contained :

18.1 The Executive Engineer shall have the right to cancel the contract and be entitled to the restitution of all moneys paid by the Executive Engineer to the contractor under this contract along with interest at 12% per annum and the damages as assessed by the Executive Engineer with consent of committee in his sole discretion in case the contractor fails to perform the obligations strictly within the time stipulated herein or otherwise fails to discharge the duties and obligations undertaken by the contractor. The work can be got completed at the risk and cost of the contractor and the delivered materials or part thereof may be utilized subject to cost adjustment for the same as determined by the Executive Engineer.

18.2 Provided that in case of any failure or delay on the part of the parties as aforesaid arising out of the force majeure such other party shall not be entitled to rescind or revoke this contract.

18.3 The Executive Engineer with consent of committee reserves the right to cancel the contract in the event of omission/misrepresentation of any material fact.

<u>Clause 19 : Contractor to indemnify the Executive Engineer against Patent Rights</u>

The contractor shall fully indemnify and keep indemnified the Executive Engineer / committee against any action, claim or proceedings relating to infringement or use of any patent design or any alleged patent or design rights and shall pay any royalties, which may be payable in respect of any article or part thereof included in the contract. In event of any claims made under or action brought against the

Executive Engineer / committee in respect of any such matters as aforesaid, the contractor shall be notified thereof and the contractor shall be at liberty, at his own expenses, to settle any dispute or to conduct any litigation that may arise there from; provided that the contractor shall not be liable to indemnify the Executive Engineer / committee if the infringement of the patent or design or any alleged patent or design right is the direct result of an order passed by the Executive Engineer / committee in this behalf.

Clause 20:

The contractor shall be sole and Principal Employer of all labour employed on the work and shall comply with all the Indian Labour Laws as well as other laws, bylaws, orders and instructions issued by any competent authority in this behalf. The contractor shall be liable for all payments under any law including labour laws as also any compensation required to be paid on account of any injury, accident or mishap.

Clause 21 :

The contract comes into force on the date of signing by the authorized representatives of both parties.

Clause 22 :

Government may appoint Project Management Consultant for the work, if required. If PMC is appointed, it will become a part of Engineer-in-Charge.
