RFP page no.	Clause No	Content added	Corrigendum Dated 26.12.2024	Revised Clarification/Interpretation Corrigendum Dated 30.12.2024
Page3	-	Lease agreement interpretation	In case if applicant does not have required milling capacity or wish to enhance the milling capacity as mentioned in RFP Annexure II. Registered applicant may enter into lease arrangement for cleaning/grading/processing/packaging and supply of Chana with the other processor/s having valid FSSAI and Factory license. The lease agreement should be registered on Rs 500 stamp paper. In case of lease agreement, main applicant must register with NeML and on award of tender will sign the agreement with CGSCSCL. For all practical purposes obligation to full fill the workorder shall remain with the Main applicant only. In case of any default under lease agreement due to dispute with partner/s or any operational or legal issues main applicant shall be responsible for the workorder fulfilment and liable for consequences as per RFP terms and conditions.	In case if applicant does not have required milling capacity or wish to enhance the milling capacity as mentioned in RFP Annexure II. Applicant may enter into lease arrangement for cleaning/grading/processing/packaging and supply of Chana with the other processor/s must having valid FSSAI license. Apart from FSSAI **either Factory license or UDYAM Registration certificate is mandatory**. In case if applicant does not have registered lease agreement and may not able to submit till 2nd January 2025 time 5.00 pm, in such case applicant can provide the **notarized lease agreement** copy taken on Rs 500 stamp paper. If applicant become L1 and price confirmed by CGSCSCL then applicant must convert the notarized lease agreement into the registered lease agreement and submit the same at the time of agreement with CGSCSCL. Main applicant must register with NeML to participate in the reverse auction. After award of tender applicant will sign the agreement with CGSCSCL. Under lease arrangement main applicant shall remain responsible to fullfill the RFP terms and conditions. In case of any default under lease arrangement due to dispute with partner/s or any operational or legal issues main applicant shall be responsible for the workorder fulfilment and liable for consequences as per RFP terms and conditions
Page3	-	Factory license Requirement	In clauses 2.10 and 3.8 and Annexure V, Factory license is required as part of technical documentation.	**Applicant may submit either factory license or UDYAM registration certificate as part of technical documentation.**
